

ESG Milestone at Ferco Seating

For many years we at Ferco Seating have been conscious of the effect our business has on the environment and how we can make our products more environmentally friendly and sustainable. We are therefore delighted to announce that our seats now conform to **ANSI/BIFMA e3 Silver Standard**, which is an environmental standard recognised worldwide.

BIFMA

BUSINESS +
INSTITUTIONAL
FURNITURE
MANUFACTURERS
ASSOCIATION

The purpose of this standard is to provide measurable definitions of sustainable furniture by addressing environmental and social impact throughout the supply chain.

Reaching this goal has been a long journey involving:

- Policies and Standards for Environment, Product Safety & Performance.
- Health & Wellness impacts including chemical management and low VOC emitting furniture.
- Efficient use of Materials, including Waste, Recycling, Reducing, Reusing, etc.
- Reduction of Energy usage, e.g. energy saving equipment, lighting, use of renewable energy such as solar, etc.
- Free & Fair treatment of employees, including Healthy & Safe Working Environments and Inclusiveness.
- Social responsibility and community outreach and engagements.
