WHO WE ARE

At Ferco, our commitment to friendly, professional customer service and unwavering attention to detail is reflected in everything we do. In-house design and manufacturing capability means we deliver design-led, world class seating and enables us to set trends rather than follow them.

Our designers are problem solvers – approaching each project with a unique blend of creativity and technical knowledge. We can help you to create the perfect space to inspire and entertain your audiences.

Quinette Gallay is an iconic brand that has been a cornerstone of the cinema seating sector for decades and is now part of the Ferco Group of companies.

Since 1947, Quinette Gallay has developed and manufactured high end seats for performing arts centres, conference halls, auditoria and cinemas.

Ferco and Quinette Gallay are well-known global cinema seat manufacturers, equipping some of the world’s most prestigious venues. We have a reputation for high quality cinema seating with minimal maintenance requirements. Our products are manufactured to British standards, and we hold ISO 9001:2015, ISO 4001:2015, BIFMA Sustainability accreditation.

RECLINERS

At Ferco Seating, we believe every movie should feel like a premiere. Our recliner collection is crafted not only for comfort but to elevate the entire cinema experience. Whether you're designing a boutique screening room or upgrading a multiplex, our recliners are the perfect blend of style, safety, and sophistication.

Choose from a wide range of configurations—single, twin, or linked seats—customised with premium tables, lighting, USB ports, and more. Each seat is handcrafted to mirror your brand's identity and deliver a cohesive, high-end look. Our recliners are engineered with the latest safety features, including footrest sensors and finger guards, so your guests can recline and relax with complete peace of mind.

The Ultimate Cinematic Experience Starts Here.

DAYBEDS

Ferco's daybed seats transform the traditional front row into a premium experience. Designed for ultimate relaxation, they offer guests a spacious, lounge-like option that enhances comfort and enjoyment.

This elevated design helps cinemas increase front-row occupancy while maintaining a consistent standard of luxury throughout the auditorium. A perfect complement to our full seating range, daybeds bring style, comfort, and value to every screen.

Where Comfort Meets Cinema.

PRIVACY PANELS

Ferco's privacy panels offer guests a sense of personal space and comfort, making their cinema experience feel even more exclusive. Designed to enhance—never obstruct—sightlines or capacity, these panels add a subtle layer of luxury to your premium seating.

Available in three sleek styles, our privacy panels are fully customisable with integrated lighting, power outlets, and accessory options. Upholstered to match or complement any colour scheme, they're the perfect finishing touch for a premium, tailored interior.

Refine the experience. Redefine cinema.

PREMIUM CINEMA

Distinguish your cinema with Ferco's exceptional range of premium seating. Designed to elevate every guest's experience, our seats offer the ultimate in comfort, style, and luxury—ensuring that your customers return time after time.

With a broad selection of seating styles to choose from, each seat can be fully customised with high-quality upholstery in any colour or finish. This flexibility allows you to perfectly align your seating with your cinema's branding and aesthetic, creating an environment that stands out from the competition.

Deliver comfort. Deliver luxury.

RECLINER ON RISER

Ferco’s recliner and sofa seating solutions are designed to seamlessly fit onto existing risers, allowing you to upgrade your cinema experience without the added cost and hassle of re-stepping your auditorium. This efficient installation process means you can return to regular business faster, minimizing downtime and maximizing guest satisfaction.

By offering an elevated seating experience, you not only boost guest loyalty but also create opportunities for higher ticket prices and increased food and beverage revenue. Our Recliner on Riser collection enhances your current space, providing a luxurious and comfortable experience that guests will love.

Luxurious Seating, No Renovation Required.

COMPACT VIP

When comfort and capacity are top priorities, Ferco’s Compact VIP Collection delivers the perfect solution. Available in club, glide, and tip-up configurations, our compact seats provide a variety of options to suit your space—without the need to re-step your cinema.

Despite their compact design, these seats never compromise on comfort. With features like the glide mechanism, your guests can enjoy a motor-free reclined position, allowing them to fully relax and enjoy the film. Ideal for cinemas seeking both luxury and efficiency, our Compact VIP Collection ensures every guest enjoys a premium experience, no matter where they sit.

Elevate comfort. Maximize capacity.

PREMIUM GLIDE
Ferco's glide mechanism offers enhanced ergonomic comfort in short tread depths. With no motor or power, the mechanism is durable with no maintenance requirements and will provide your guests with an enhanced and comfortable cinema experience for years to come.

PREMIUM CLUB
Our club seats offer a stylish and comfortable yet compact solution for short tread depths, negating the need to overstep. Our club seats are available in a range of styles including sofa and VIP, suiting both multiplex and independent cinema aesthetics.

PREMIUM GA
Tip-up seats offer the most space-efficient solution, and Ferco's tip-up seats offer a comfortable seating position for your guests, and a reliable, durable mechanism to withstand years of use with virtually no maintenance.

BOUTIQUE CINEMA

Boutique and independent cinemas provide a one-of-a-kind experience, combining plush surroundings with curated food and beverage offerings. Often showcasing a mix of independent, foreign, and blockbuster films, these cinemas deliver a unique atmosphere for their guests.

Ferco’s boutique seats are designed to enhance this experience, available in single, twin, and linked configurations. With a wide selection of accessories like cup holders, tables, and embroidered seat numbers or row labels, you can further personalise each space. Our boutique seats come in a variety of styles and can be upholstered to match your cinema’s aesthetic, ensuring a seamless fit for your vision.

Where Comfort Meets Culture in Every Seat.

ACCESSIBILITY AND FLEXIBLE SEATING

Ferco’s innovative K-Roll system offers a flexible and efficient seating solution for cinemas seeking rapid configuration changes. With no tooling required, a single person can easily move seats in and out of position, allowing you to quickly adapt your space to different needs.

The K-Roll system also enhances accessibility by providing dedicated wheelchair spaces that can be reconfigured without sacrificing capacity when not in use. Another key advantage is its efficient storage solution — grouping seats together significantly reduces the space required for storing removable seats.

**Adapt Your Space with Ease,
Enhance Everyone’s Experience.**

MANUFACTURE AND INSTALLATION

At Ferco, we combine state-of-the-art technology with rigorous quality control to deliver exceptional seating solutions. Our in-house manufacturing capabilities allow us to offer a wide range of seats, options, and accessories, tailored to meet the unique needs of your cinema.

Our dedicated team ensures that every product meets the highest standards of quality, giving your cinema a competitive edge in both comfort and style. Beyond manufacturing, we offer a comprehensive installation service and post-installation maintenance to keep your seating in top condition. From initial site surveys to five-year servicing, Ferco is with you every step of the way to ensure seamless project delivery and ongoing support.

Innovation, Quality, and Support Every Step of the Way.

SAFETY STANDARDS AND SUSTAINABILITY

At Ferco Seating, we are proud to hold ISO 9001:2015 accreditation, reflecting our unwavering commitment to maintaining the highest safety standards in all aspects of our operations. We partner with accredited testing houses to rigorously test our products, ensuring compliance with international safety standards, and guaranteeing your customers' safety and comfort.

In addition to our focus on safety, we are dedicated to environmental sustainability. We continually explore innovative ways to enhance the sustainability of our products, and we are proud to have achieved certifications with FSC, ISO 14001:2015, and BIFMA e3 standards. With our meticulous approach to quality assurance, every seat we manufacture is built to last, offering durability and value for years to come.

ISO Certified, Environmentally Conscious, and Built to Last.

A black and white photograph of a modern building's exterior. The 'ferco' logo is prominently displayed in large, 3D letters on the upper left wall. Below it, a glass entrance area is visible with the 'ferco' name repeated on the glass. The building has a clean, minimalist design with horizontal lines.
